A Wonderful Concert in Your Own Home Tonight!

▼UPPOSE that this evening you could sit in your favorite easy chair in the living room of your own home and hear such music as nightly calls thousands forth to the great concert halls of New York City. Suppose that such artists as Harold Bauer, Xayer Scharwenka, Teresa Carreno, Rudolph Ganz, should come in turn and play upon your piano the most beautifully finished works in their repertoires. The noble music of Schubert and Beethoven, the poetic masterpieces of Grieg, the exquisite lyrics of Chopin, interpreted and enriched by the artistry of great pianists, yours always, and upon as frequent occasion as you wish. Can you imagine anything more strikingly wonderful than this-that you can have music played by the masters of the pianofortes, in your own home, and whenever and as often as you desire—not mere reproductions, but real playing, actual and rividly human?

The Aeolian Company has produced a remarkable Pianola which makes this miracle possible-

The DUO-ART Pianola

The wonderful Duo-Art Pianola is, first of all, an ideal piano for hand-playing. It is a magnificent Steinway or Weber pianoforte.

Second, it is a Pianola. Except that no pedaling is required, as pneumatic power is furnished by an electric motor, it does not differ from The Pianola which has achieved such phenomenal success as the Standard player-instrument of the world.

But the third and great new feature of The Duo-Art Pianola-the feature which adds such an extraordinary new element of interest-is its self-playing ability. By simply inserting a Duo-Art musicroll, and starting the action, this marvelous instru ment will play itself and give a performance identical in the minutest detail of expression with the performances of the greatest pianists.

Indeed, its playing is the playing of great pianists. Duo-Art music rolls are the actual record of the musician's playing upon a wonderful recording piano. And when one of these rolls is placed in the Duo-Art Pianola, the artist's performance is reproduced faithful to the original in every tone variation, every shade of tempo change, pedaling, phrasing, and all other details.

The Duo-Art Pianola is made in Steinway and Weber models, Grand and Upright. Convenient terms of payment may be arranged-and owners of playerpianos will be accorded liberal terms of exchange. You are cordially invited to · hear this wonderful new instrument which is on exhibition and sale, in New York, only at Aeolian Hall.

The Duo-Art Salons will be open Washington's Birthday until 9:30 P. M.
